

Adobe Spark Video

Log Into Spark	Start a New Video
<p>On Desktop go to spark.adobe.com Go here for login instructions On iPad download apps from Manager</p> 	<p>Select the blue plus button at the top of the screen. Click 'View All' Select 'Videos' to view templates.</p> 
Use a Story Template or Start from Scratch	Add Content
<p style="text-align: center;">Start from scratch</p> <p style="text-align: center;">Or</p> <p style="text-align: center;">Select from one of the eight provided story templates</p>	<p>You can add text, photos, icons, or video by clicking the 'plus' button</p> 
Choose your Theme, Layout, and Add Music	Recording & Working with Images
<p>Layout Theme Resize Music</p> <p>Layout - Choose a layout for each slide you are creating. There are 4 options to choose from.</p> <p>Add/Re-order -Click '+' to add a new page, reorder by dragging and dropping</p>  <p>Theme - Choose an overall theme for your video. Each theme has multiple color options within it to choose from.</p> <p>Resize - Choose between a widescreen and square view.</p> <p>Music - Choose from a wide range of royalty-free background music or upload your own. You can adjust volume levels and music will also auto adjusts the volume when you use the narration option.</p>	<p>Recording Narration: Record by pressing and holding record button: Press the Play button to preview recording</p> <p>Recording sound is optional:If you want a page to appear for a specific amount of time press the record button for that duration without narration. Any pages without a recording will appear for 2 seconds.</p> <p>Image/Photo- Images can be added by clicking the 'Photo' button. Upload from your device, or use the Search option within Spark for copyright free images. Click 'Icons' to search for simple black & white clip art.</p> <p>To resize an image, select it and click the pencil to go into Edit mode</p>  <p style="margin-left: 20px;">use the + and - to resize</p> <p>Icons-icons can be added and to the Canvas regardless of template or layout of the graphic project. You can click on an icon in your Canvas to replace or delete the icon. Note: icons can't be freely moved on canvas, resized, or recolored. As a workaround you can create the images in Spark Post and upload to Spark Video.</p>
Save your Video	Additional Resources
<p>Once your video is complete you can download it as an mp4 video file.</p> 	<p>Spark for Education spark.adobe.com/edu</p> <p>Spark Guide for Educators https://spark.adobe.com/images/Adobe%20Spark%20Edu%20Guide.pdf</p> <p>Adobe Education Exchange edex.adobe.com/</p>
